## OUR GOAL

TO IMPROVE THE ECONOMICS, INTEGRITY AND PLEASURE OF THE SPORT OF THOROUGHBRED RACING ON BEHALF OF ALL OWNERS.

## PRESIDENT/MEMBERS COUNCILLOR'S MESSAGE

Neil Oldfield

**WELCOME MEMBERS AND READERS TO THIS EDITION OF THE OWNERS BULLETIN. THE ALMOST COUNTRY WIDE UNTIMELY DELUGE OF RAIN, IS HAVING SIGNIFICANT EFFECT ON FIELD SIZES, AND THEREFORE TURNS. IT HAS ONGOING IMPLICATIONS FOR LATER SEASON RACING AND THE FINANCIAL RETURNS WITHIN OUR INDUSTRY.**

Late last year, there was an indication of industrial action by jockeys, in relation to riding fees. A letter was received by NZTR on the 16th of July 2011 from the Jockeys Association, seeking an increase in riding fee from \$115 to \$145, and an increase in the riding engagement fee (scratching fee) from \$50 to \$145, together with an increase in the minimum riding allowance. Following discussion, and a meeting between the NZTR Board, and Jockey Association representatives, an offer of \$3.00 per ride was made by the Board of NZTR. This was in line with a previously agreed formula which incorporated the CPI figure in a bi-annual increase in riding fees, and alternate year, bi-annual review of trial fees.

This was rejected by the Jockeys Association, and their representatives who at a later board meeting requested the Board approve an increase of \$10 to \$125 from 1/1/12, a further increase of \$10 to \$135 on the 1/08/12, and subject to further negotiation of an additional increase of \$10 to \$145 on the 1/08/13. This was an increase of 26.1%

The Board was also advised there was considerable support amongst senior riders to some form of industrial action to be taken if the \$10 x \$10 x \$10 was not supported.

Following a number of discussions with NZTR, the Owners, and Trainers representatives, and further negotiations with the Jockeys Association an agreement of a \$10 increase, made up of a \$5.00 contribution to ACC and \$5.00 to the riding fee from the 1/1/12 was made. There is also an agreement regarding future increases, along the CPI guidelines as previously employed.

This review of riding fees is directly funded out of the returns available to owners from stakes. This has always been the case. However widespread industry discussion has brought about interesting thoughts. One which has gained significant legs is a base riding fee, with jockeys, or their agents negotiating, a further fee over and above for the perceived "X" factor riders bring with experience and talent. This would be an interesting concept for owners, perhaps a tool to revise the performance, or lack of, and the jockeys ability to follow instructions. Certainly, the current status quo of dismounting and retiring to the jockeys' room, until the mount up bell for the next race would have to change. And likewise, the failure to make the contracted race weight, by jockeys, would incur a penalty, which would have an agreed figure prior to engagement of that rider. I as an owner seek a professional ethos, when I employ a professional. I accept the element of chance, but also expect an interaction with the people I employ.

Goodwill and respect are mutually beneficial, and strengthen, the focus on achievement

The Members Council, held the first meeting since the appointment of the NZTR Board on Tuesday 6th December 2011. The recent resignation of Dean McKenzie, to follow a career opportunity with the Metropolitan Trotting Club, instigated the opening of applications to the NZTR Board. These applications closed on the 18th of December 2011. The Members Council will meet in the middle of January to interview the candidates and expect that the new Board member will be in place in time for the next scheduled Board meeting on the 25th January 2012.

The meeting also discussed a wide range of topics. This was largely consistent with the Business Plan proposal that the Board was launching at the AGM, to be held later that day. Three specific items of very real interest to the Council were –

- The communication to the industry as a whole, between the Board and Executive.
- The performance of the Racing Board.
- The difference between the New Zealand Thoroughbred Board, NZTR, and the New Zealand Racing Board, NZRB.

### ACHIEVEMENTS TO DATE

Firstly, Communication is seen as vital to the performance of our code: this was readily adopted by the NZTR Board, during a meeting just prior to the AGM. This excellent document, The Business Plan 2012-2014, has been taken to the industry in forums around the country.

The "Plan" is part of a programmed delivery of NZTR improvement strategies designed to redefine, the parameters and future opportunities for NZTR and it's many stakeholders. The Board will deliver regular updates of this "living" document.

Further – The entity NZTR, is just that, a body that administers Thoroughbred Racing within New Zealand. It undertakes the licencing of participants, oversees programming of racing, and optimises opportunity for the delivery of a wagering product; to resource the continued development of the Thoroughbred Code. This is essentially different from the NZ Racing Board: which conducts the business of wagering, to return a dividend to the three respective codes of Harness, Greyhound, and Thoroughbred. There is also disbursement to sports, from which fixed odds wagering is available on. NZTR is accountable to thoroughbred racing in all it's varied sectors and must provide a business plan to the Racing Board for approval. While closely linked, they are vastly different entities.

NZTR achievements to date as signaled to the code include,

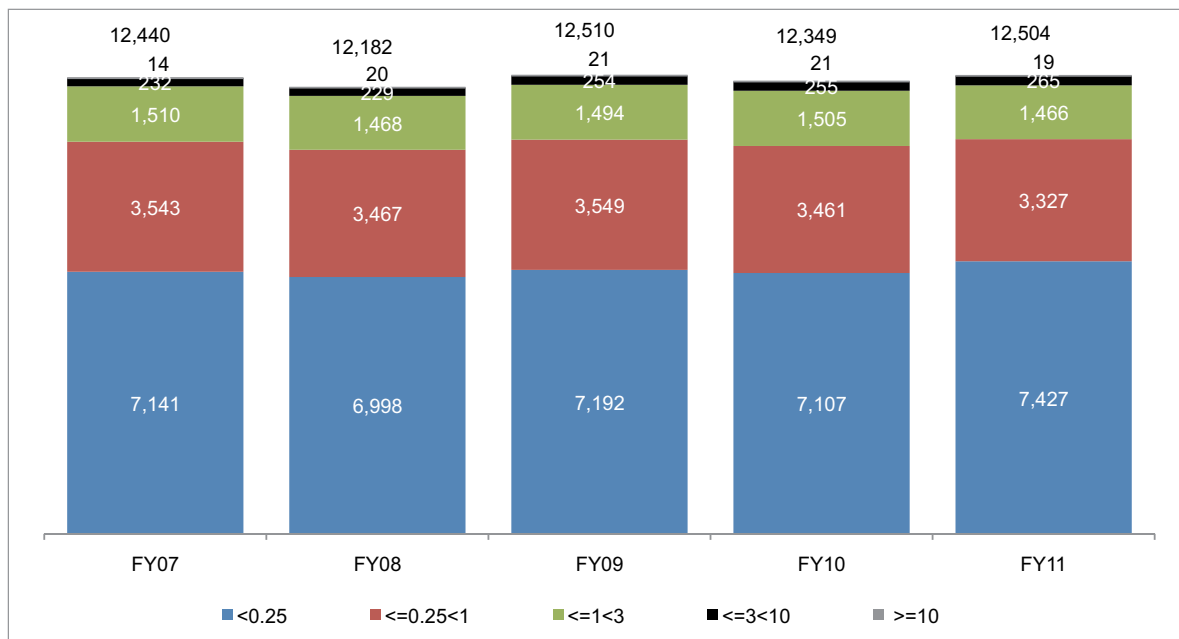

- (a) The Inter-code agreement between the three codes
- (b) The revised Fillies and Mares, schedule of races
- (c) The Handicapping Amendments
- (d) The soon to be appointed Review Group to assess the Avondale Jockey Club's current and future role within the Northern Cluster Group.
- (e) The challenge to the Graded Stakes, as outlined at The Asian Pacific Racing Conference.

The "Business Plan 2012-2014" is freely available from NZTR, and you can read it on [www.nzracing.co.nz](http://www.nzracing.co.nz)

I would urge all industry participants to become familiar with this document. The Members Council endorses the actions outlined within it, and fully supports the direction that the NZTR Board has outlined.

Yours in Racing and all the best for 2012, Neil Oldfield.

Chart 15.1 Ownership

Key Performance Indicators

	BASE	KEY PERFORMANCE INDICATORS			
	FY11	FY12	FY13	FY14	
48. Grow ownership	12,504	▲ 12,600	▲ 13,000	▲ 14,000	
49. Grow number of owners with 0.25 > 1	3,327	▲ 3,400	▲ 3,500	▲ 3,600	
50. Grow number of owners with < 0.25 shareholding	7,427	▲ 7,576	▲ 7,954	▲ 8,352	

## EDITORIAL NOTES

The cover this month reflects a theme on our annual yearling sales, a seasonal time when racing stock replenishment decisions are made. The yearlings shown are from our Sponsors/Advertisers, **Windsor Park** and **Little Avondale Stud**. Further in this "Bulletin" we have given Steve Till and Mike Moran some copy space (as a thank you for Windsor Parks support through the year) to tell you about some of the studs sale entrants.

We are very pleased to announce that Little Avondale Stud have come on board as Sponsors. The principals of LA are Catriona and Sam Williams. Catriona would say that should be the other way round, Catriona said to me, "Were it not for Sam, Little Avondale would not exist." But as well as being charming she is overly modest, as everyone knows what a strong and capable woman she is.

The "advertorial" will over time tell of the happenings at Little Avondale and related events with the stud. Catriona and Sam are owners to more than 25 horses. We have put the logos/links up to Little Avondale Stud on [www.racehorseowner.co.nz](http://www.racehorseowner.co.nz) and its well worth a visit.

Lucinda Laxon account exec' of **JLT Bloodstock Insurance**, reports that she has written some business with our owner members. Of course more would be very welcome, because of the financial assistance it provides your Owners Federation. For your part you will be dealing with good people at JLT, and they are renowned for best pricing and prompt settlements and I hear there is an enhanced package to kick off the new year. We would be delighted if you could contact Lucinda for a quote. Maybe for that yearling you raised or bought. There is a link to JLT on our website [www.racehorseowner.co.nz](http://www.racehorseowner.co.nz).

Tony Lyndon of **Hawkes Bay Owners Association** (father of Maree) has written this issues "Profile". It is of another remarkable lady. Long before women became prominent in politics and industry in New Zealand, many women played a leading role in racing and equine sport.

Further on there is a story I came across. I was at **Counties Owners Day** and Patsy Riley's mare Keeper Close had won the Auckland Racehorse Owners 1600. I was talking to Patsy at the "after match" and Bonecrusher came up in the conversation. I said to Patsy that "Red" was 29 years young and wasn't that great. Patsy smiled and said "That's nothing, I've got Fountaincourt at home and he's 33. A delightful couple of hours going to see the old boy and meeting Patsy's family followed soon after.

I loved writing the story and hope you enjoy it.

The top horses of that era were amazingly tough and there must be more stories of them out there. As well as stories of their owners and connections. I would be very happy to write more on these "notables" if readers can give me some leads.

**Neil Miller – contact us at email: [jeanneil@xtra.co.nz](mailto:jeanneil@xtra.co.nz)**

## OUTSTANDING SUBSCRIPTIONS

The Secretary reports that quite a number of subscriptions are unpaid. Your executive make a plea for those members outstanding to settle: to ensure continued delivery of the Bulletin.

# NOTES FROM THE REGIONS

## AUCKLAND

**Neil Miller**

Firstly our Auckland Owners Association wish all readers a happy and healthy new year. There seems to be some green shoots sprouting in racing and Auckland was at the forefront with the biggest crowd at Ellerslie on Boxing Day in 25 years. The lines to the tote windows were 20 deep through race intervals and the on course turnover was said to be \$1.3m.

Below is a press release that we received from Avondale Jockey Clubs John Craig which will be of great interest to you.

### PR FOR AVONDALE JC

*"The first stage of the track upgrade at the Avondale Jockey Club has been completed. Through the assistance of the Trustees of the Portage Licensing Trust in recommending our approach to The Trusts Community Foundation, the Avondale Jockey Club was able to award the contract to upgrade the track, to the very experienced Recreational Services Limited, whose senior staff had previously been involved with the upgrade at the Te Rapa course.*

*The initial completed work included the upgrade of the entire ring drain on the inside of the course. Following this, deep core lateral drainage out to the full width of course of 28 metres, at 10 metre intervals, takes the water back to the inside drain which will ensure maximum drainage performance standards are met. These lateral drains have already been re-grassed and the current weather period is ensuring the new grass re-growth is progressing well.*

*Recreational Services will start the second phase of the extensive upgrade in early January, which includes sand slitting the entire course. This will be followed by three phases of sand carpeting over the following months with a view to the restoration of racing commencement in April.*

*The Avondale JC surface will be tested with a trial meeting in April prior to the approved return of racing.*

*Avondale Chairman, Mr Ron Murphy, is delighted that racing is to return to Avondale and stated, "Avondale is very pleased to be able to offer a top class racing surface in the Northern region that will ensure the Auckland racing public have ready access to racing and that owners and trainers have easy access to a top class, "Winter" racing surface. Obviously we are extremely indebted to both the Portage Trust Trustees and of course The Trusts Community Foundation for their confidence and support to upgrade the track and initiate the restoration process of racing at Avondale."*

The Auckland Owners Association are discussing ways to support the AJC and look forward to the return of racing on a restored track at Avondale.

## WAIKATO

**Jenny Cowan**

Te Awamutu members Bev' and Doug Hurrell are dairy farmers from the Korakanui district. They are mostly polo people, but both are horse lovers in varying and adventurous ways.

Bev' chose hunting and trekking over golf and garden and enjoys both in winter and summer. She and Ann Browne share these interests and can be seen to partake of a couple of Baileys' at the end of a day's activities.

Bev' and Doug race Arcenciel, Black Minnaloushe-Grosvenors Court, which translates to "Rainbow" in French. The trainer is Yves Seguin.

Doug activated his passion for Australia after winning a good race with a good stake, the Fillies and Mares 1600m race at Te Rapa back in February 2010. That prompted a calculated decision to take Arcenciel to Queensland and try their luck there.

As happens although the mare won a lesser handicap at Caloundra on 5 June, the luck was all bad in the best company of the Ipswich, Caloundra and Grafton Cups. But that did not dent their enthusiasm. They loved nearly every minute of the campaign. The Hendra virus became a huge concern at the time and they were advised to spell their filly well away from Queensland. They sent her to Wyong which proved very satisfactory.

Doug purchases only fillies, as he says the opportunity to win races is better. He has a filly Lok'n'kay by Towkay, who has won a trial, a broken in Shinko King filly, and a yearling by Keeper. Doug reports he has been studying sales catalogues for 42 years or more and attends many sales with Taranaki friends of old.

Members from Matangi near Hamilton, David and Lone Lees, have interests in many horses to reflect on. David enjoys the connection he has had with horses here and in Australia. One he shares an interest in is Love Laughing who at time of publishing is 17 and on the ballot for the Magic Millions race on the Gold Coast in Queensland on January 14<sup>th</sup>. Trained by Troy Hall he is by Favelon out of Divine Pheroz. The Chianti three year old filly, Pinot Davone, with Mike Breslin is another in a similar and large ownership. She is looking to race at Hawkes Bay on January 15<sup>th</sup>.

Whether anyone has a major or a minor share in racing a horse, there is no difference to the pleasure – or pain – that one feels.

Waikato Owners' member Sheryn Hobbs from Cambridge, shares an interest with Neil Rutherford in two horses that are with Stephen Marsh. Kaapdiva races with her breeder Colin Rule and Marsh is also in the ownership. They are looking for her third win. With the Wentwood Grange Stud, Hawkins Bros and they are racing a filly with an interesting name That is Suzie the Waitress. This was derived from the 'infamous' possible food poisoning of the All Blacks by Suzie the waitress when they were in Johannesburg. You guessed it "Suzie" is by Johannesburg out of the young Danehill mare Vienna Waltz. She has the makings of a stayer and Shaun Ritchie is the man to make that possible. She will race on 13 January at Paeroa in a 1670m with that to be extended later.

Sheryn is sister to Carey Hobbs, the CEO at Taranaki Racing, and loves being involved with children in the education world. But she makes sure she has plenty going on in the racing world too. Our Bulletin gives these members, the interest of the important issues around racing, and they love the personal stories of people with all the variations racing provides.

# HAWKES BAY

## Tony Lyndon

Hastings and Waipukurau Owners and Trainers had a week to remember with 10 individual winners.

Intransigent trained by Kirsty Lawrence at Waipukurau, part owned by her and husband Steve, along with mother and son Barbara and Brendon Ray, Barry Sizer, Brian and Annette Hawkins, winning in the \$45,000 Platinum Homes N.Z. Rotorua Cup.

The same day the Guy Lowry/Grant Cullen trained Rampant won the \$20,000 open sprint at Wanganui, and the next day Paul Nelson trained Yorkie won the maiden steeplechase at Ellerslie.

Rampant is raced by the On Honeymoon Syndicate which includes four local owners Doug Callaghan, Kate Ranger, Graeme Wedd and Kim Bone.

Enuffssenuff won for John Bary and on the same day with Sam and Belinda Kelt's Tanqueray broke through for her first win as well.

Spartanicus won his 6<sup>th</sup> race for a syndicate which includes 11 Hawkes Bay owners most who are members of our Assn.

Well known H.B. owner breeder Sue Harty bred and shares in ownership in Coastal Mist and Zane Grey, who were both successful at Wanganui on the same day Danelove won his 8<sup>th</sup> race when winning the \$20,000 open handicap. He is raced by Napier owners, Bruce and Annette Keighly.

Jason Fleming CEO of H.B.Racing Inc' had his 8<sup>th</sup> win with Kiwi Hussler at Ashburton on Labour weekend continuing the good run for 8 H. B. owners when they won the last 3 races at Woodville. That was Innkeeper winning for Tim and Briar MacPhee, Starguru for Danny and Lynette Birnie, and O'Reillys Secret owned in Thames by Tracey Flookes and trained at Hastings by James Bridge.

Waipukurau's Mick Ormonds \$270,000 purchase Sirani won at Ellerslie. She is raced in partnership with brother and sister Paul Deardon and Belinda Scott.

Waipukurau owned/trained and bred Turn on d'light won his 5<sup>th</sup> race from 32 starts for David Williams when leading all the way in a rating 90 at Awapuni, he revels in heavy tracks.

H.B. Racing Inc' and H.B. Racehorse Owners committee man Kevin Wood along with his wife Shirin and son Calvin were delighted when their promising 3 year old Jakob Gambino won at Gisborne. Kelvin an accountant, was in Bermuda and listened to the race on the radio.

Arizona Jazz maintained a 100% winning record for his dam Johnny Loves Jazz when successful at Gisborne. Raced and bred by Chris and Ken Russell, Johnny Loves Jazz has had 9 offspring to the races and all were winners.

Starpin won her 4<sup>th</sup> race from 12 starts when winning at Trentham. She is raced by her breeders John Best and Bruce Lumsden.

The Innkeeper won his 2<sup>nd</sup> race from 9 starts when having his first run over ground. The Keeper gelding is raced by Tim and Briar MacPhee who also bred him.

Havelock North owner and breeder Noel Nicholson produced a half brother to his promising Mr Archibald at Waipukurau, in Shelved. Racing four wide for most of the race the Postponed gelding took the lead at the top of the straight and fought on well to win.

Laurence Redshaw and Geoff Candies brilliant mare Lady Kipling won her 6<sup>th</sup> race when winning the Group1, Cal Isuzu Stakes at Te Rapa, Murray Baker is quoted as saying that she is the most improved horse in his Stable. She will be seen out over January in the Group 1 miles at Ellerslie.

H.B. Owners Assn. secretary Peter Johnson had a great kick when Voodoo won a 2<sup>nd</sup> race in its last 3 starts at Ashburton. The manner of her last win suggests she will add to the tally over the new year period.

Judy Buckeridge won the Bi-Monthly Trophy for August and September with her two handicap horses Trapiche and Ourforeignminister.

# MANAWATU

## Allan Fenwick

Current President Jim Watson was unanimously elected a life member of the Manawatu Association at its AGM in November. Life membership is a very appropriate recognition for the contribution that Jim has made to racing over a long period of time. As an owner the best horse that he has been involved with is undoubtedly the versatile Fairassan, trained by the late Fred Pratt and winner of the 1961 CJC Winter Cup. The hardy Avonova, trained by Jim himself at Levin was also a good winner. He has also raced a number of more moderate gallopers with mixed success but like so many owners is ever hopeful for the future with a couple of young ones going through their early education.

On the administration side Jim has given unstinting service. He has served as a committeeman of the Levin Racing Club, was a member of the Otaki Levin Consortium, a member of the Wellington District Committee, a delegate to the NZTROF Executive and a member of the Manawatu Association for over 25 years. Jim has also been closely involved with the organisation of the trials run by the Association.

The passing of Tup Jennings and Theo Howe, 2 former trainers with strong links to the Central Region is noted. T L Jennings trained on the Masterton course at Opaki for many years. Although only having a modest number of horses in work at any one time there were a number of high class gallopers. One of the best was the smart filly Entice who staged some memorable battles with Mop during the 1975-76 season and to whom she was runner up in that year's Wrightson Filly of the Year series.

Theo Howe trained with a lot of success from Awapuni from 1952 winning the New Zealand Cup in 1958 with Balfast. In 1968 he moved to Mornington and quickly established himself with winners on the flat and over fences. Successes with jumpers included all the major jumping races in Victoria. His first Group 1 winner in Australia was the outsider Gleaming Waters in the 1981 Oakleigh Plate. His best horse was King Phoenix winner of the 1984 Marlboro Mile, the 1985 Toorak Handicap and the 1986 Craiglee Stakes. King Phoenix was bred by Palmerston North's Lambourn Stud and over the years Theo enjoyed a close association with the Lambert family. After his retirement from training Theo was a frequent visitor to the Central Region and attended a number of local race meetings.

Many members of the Association had rewarding days over the Christmas Holiday Racing. The Double LL Syndicate tasted success with both their runners. City Chic dead heated at her first start on the opening day of the Manawatu Carnival and Brackenwood scored his 4<sup>th</sup> win at Tauherenikau at New Year. Both are trained by Lisa Latta who won 3 races on each of the first 2 days at Awapuni. Lisa, with her big stable and many owners is certainly a very important part of racing in our area. It is great to see her team competing so well at the major carnivals. Platinum Princess has been amongst the stars with her Rich Hill Mile win at Ellerslie coming after her Coupland's Bakeries Mile triumph.

Christopher and Susannah Grace won the opening event on the day with Galway but had to be content with Tullaroan's second in the Hotel Coachman Manawatu Cup. The previous year Tullaroan had defeated Cassini but this time the roles were reversed.

Association Vice President John Creaven's pride and joy Crocodile Dundee was a creditable third in the Cup and Liv'n Paradise trained by Roger Allen spiced up the quaddie when winning the last race of the day.

Miss Marauder raced by a Syndicate including Association members John Roache and Keith Towers and trained by Matthew Eales, also recorded her 4<sup>th</sup> win at Tauherenikau.

The Foxton racing community was stunned when a number of fires occurred during November and December at the Foxton Racecourse. On 6 separate occasions fires were lit damaging the Members Stand, stable buildings and sheds. Fortunately there was no injury to horses or personnel but a number of trainers lost all their gear and feed as well as stabling. Eventually just on Christmas, Police arrested a person on suspicion of lighting the fires.

## REMINDER

New Zealand Racing Hall of Fame Inductee Dinner, Friday 2<sup>nd</sup> March at Ellerslie. Details available from [www.racinghalloffame.co.nz](http://www.racinghalloffame.co.nz)

## WANGANUI ROUNDUP

### Rosie Hackett

Happy New Year from Wanganui and – may all of your racing dreams come true!!

Wanganui has had a good run over Christmas. Marea Alta went really well with a second in the Waiwera Water, City of Auckland Cup. She is a honest tough little lady, Because of the ground, she travelled on the bit far more than usual. At the 1000 Harry said she came off the bit and drifted, She usually has a flat spot that is at the 800m. But hey, she got going again and had her fan club yelling for her. Awesome !! Marea Alta will now head for Wellington Cup and then all going well, the Auckland Cup. Alexander Feildes and his head lady Kara, have done a great Job.

Dawson Falls has been flying winning his last two starts including the Stratford Cup for his owners who include Paul Belshams lovely mother-in-law Jane and father-in-law Ian Donald. A C Hartley, the Crowleys, including long time owner Jim Crowley, who won with Agnopak earlier in the day make up the rest of the owners group.

Maude, Le Bec Fin – La Saleen has been going very well and has gone through the grades. She will have a short break and will be back better than ever. Maude has some owners who have never raced a horse before and they are having a great run with this honest girl.

Fraser Aurets team are going well, he is having a great run Brown Bella has now won two on end after some good form and looks like a lovely stayer in the making. Jungle Pago is very smart and will be a filly to follow. Beyond Comparison ran a nice third at Taupo and will get better. Not So Vague went a nice race at Taranaki. Fraser has won with Popsycat for his mum and dad Nigel and Adare. The same combination race the talented 5yo mare Court in the Park, Thorn Park – Frizzle

Adrian Bull has a top horse in Nashville which he also trains. He is a 3yo gelding by Darci Brahma out of Royal Kiss and he is very special. With two wins and a second from 3 starts he, is just a lovely horse. He will race next at Trentham, so keep an eye on him.

Sun Shining on Local Owners at Timaru Races

JENNY COWAN

## CENTRAL SOUTH ISLAND

*“On Nov 24th 2011, a race at Phar Lap Raceway Timaru, the Phar Lap Memorial, was won by Princess Halo. Some of the connections on course are pictured Laurie Shanks, Donny Hammond and Pat Fowler (L-R) with ex South. Canterbury. Owners committee man, Cliff Shortus on the extreme right, making the presentation.*

*The owners racing Princess Halo are Debbie and Gavin Craig, Local trainer Michael Daly, Pat Fowler, Donny Hammond, Laurie Shanks and Nicola Timpany. The large silver cup was known as the Air New Zealand Cup when it belonged to the Geraldine Racing Club in previous years”. – Visiting Waikato Rep Jenny Cowan.*

### Fiona Mackenzie

South Canterbury's Christmas Race Meeting was huge success on and off course, the sun was shining, the racing was great and everybody had a great day. Prior to the first race, I caught up with Ashburton trainer Danny Champion. His starter in the first race of the day, the maiden mile, is a very interesting horse. Well bred, by Pentire, Hamilton Coup has given her owners' Mr R Coupland and Mrs J Walls more than a grey hair or two I am sure. A trials expert, the three year old black filly has not shown her true potential on race day, preferring to hug the outside rail instead of the inside. Bewildered by her recent performances on race day but buoyed by Hamilton Coups' last track gallop with classy mare Shamrox, Danny suggested that if the filly ever won it would be by a decent margin. It was to be a good start to the day and hopefully a turning point for Hamilton Coup as she blitzed the field over 1600 metres to win by five lengths. Unfortunately the time for the race was not taken. Hamilton Coup holds a nomination for the Wellfield NZ Oaks at Trentham in March.

Danny and training partner Kezia Murphy tasted more success with their jointly owned 4yo mare Cybele. By Elusive City out of Strawberry Affair this very consistent racehorse has produced two wins, two seconds, one third and two fourths from eight race day starts. Her most recent win was at Kurow on December 30th where she sat one out just behind the leaders and kicked clear about 200m from home.

Staying in Ashburton, Hayley Rose, a four year old mare by Floral Dynamite out of Dance Parade trained by Jan Hay is racking up an enviable record. With four wins, two seconds, a third and a fifth from eleven starts she is proving to be a very handy horse for the Five Spots Syndicate.

More success for Association members, owner/breeder/trainers, Paritai Farm team of Dave and Pat Jones recently enjoyed a double when their O'Reilly mare Lucy O'Reilly won the Maiden 2000m race Omakau. She is trained by their daughter Jackie Jones at Wingatui. Jackie took over the training of the mare when she gained her training licence a couple of months ago.

Lucy O'Reilly is out of the very good racemare, Erudite, winner of the 2yo Shifnal Prince Juvenile in 1989 and winner of the Listed Haunui Farm Stakes for three year olds in late '89.

The Central South Island Owners and Trainers' Association Summer Points Series is nearing and end. Up for grabs is a total of \$3,500. Watch this space in the next bulletin for results.

## PROFILE

# JUDITH BUCKERIDGE

Tony Lyndon

Judith Buckeridge was born on a Wairarapa sheep station in the early 1950's. Even as quite a young child, she rode her pony to school each day.

When she was 6 years old she competed successfully at the Alfredton pony club on her Welsh pony. During a following 15 year period, there were very few trophies or cups in the Wairarapa that did not have Judith's name engraved on them.

When Judith was 16 years old, she went to the Tauherenikau races and fell in love with a striking mare called Rondeau. She phoned the owners and asked if they would sell the horse and they agreed on a purchase price of three hundred pounds. From Rondeau she bred the Silent Hunter gelding Peace Seeker who won 4 races for her.

During the late sixties Judith rode at the annual Castlepoint beach races and was runner up on many occasions to the well known stalwart Freda White. She then purchased interests in Marsali and Penthouse Blue who won several races.

But going back this amazing person showed early flair and ability and a willingness to make a difference. At 16 years of age she instigated and formed the Wairarapa Young Farmers Club Show. Judith was also the Secretary Treasurer of the Wairarapa Owners and Trainers Association for over 10 years and staged the race trials at Opaki and Tauherenikau. She also served as a steward on the Masterton Racing Club prior to moving to Hawkes Bay.

16 years ago Judith started up the N.Z. National Horse and Pony Show. This event has grown to be one of the most popular equestrian shows in the country. In May 2011, at Lance and Bridget O'Sullivan's magnificent property at Matamata, Judith was awarded the "Show Secretary of the Year" title for the third consecutive year as well as the inaugural gold star award for N.Z.'s

Judith Buckeridge

volunteer of the year. Prior to the announcement she had already won the award for the Hawkes Bay/Wairarapa, Show Secretary of the Season.

Judith presently has two horses in work and both have been hugely successful in the past 12 months. Between them Ourforeignminister and Trapiche have won 9 races. The highlights of these wins was Ourforeignminister's success in the \$70,000 Merial/Ancare mile a group 3 and the \$50,000 ITM Interprovincial held at New Plymouth. She had a huge thrill winning the Merial Mile as the trophy was presented by her cousin John Henderson, President of the Marton Jockey Club.

Judith Buckeridge has been a great benefactor to equine sport.

## SIMS PACIFIC HOOFS IT FOR CATWALK

A unique collaboration between Sims Pacific Metals and the Spinal Cord charity CatWalk will see tens of thousands of old horse shoes recycled in the name of scientific research.

In what's believed to be a world-first, Sims Pacific and CatWalk are joining forces and encouraging New Zealand horse owners to donate their old shoes to charity.

"We're delighted to be 'hoofing it' for CatWalk," said Natalie Black of Sims Pacific. "It's a fantastic chance to help horse owners out by getting rid of what is essentially a junk item, while benefiting the environment and helping in the search for a cure."

"People joke a lot about 'lucky' horseshoes. Well, this is a chance to make those lucky shoes really count for something."

The CatWalk founder, Catriona Williams, agreed. "With more than 7,000 sport horses in New Zealand, most of which wear steel shoes, and thousands more racehorses wearing aluminium shoes, there are tonnes of metal tied up in stable yards around the country."

"If we can harness those shoes, and put the funding into research, that only increases the chances of getting people out of chairs and back on their feet."

Williams said her own experience with discarded horseshoes showed that the project would give them a new lease on life. "A horse might be shod eight times a year but the shoes don't last that long, and what do you do with them when they've had it? Most people have rusting lumps of horse shoes tucked away – this is a chance to get rid of them!"

The scheme, which is supported by the Farriers Association, will work when horse owners drop their shoes at selected locations including five PGG Wrightson stores, independent feed shops and vet clinics, and also at temporary locations at events such as the Horse of the Year Show.

Sims Pacific will provide the collection bins, empty them and transport the contents before processing the used shoes.

Natalie Black of Sims Pacific said early feedback had been extremely positive.

"Horseshoes usually end up as a rubbish item of zero value. We're the right people to get an end use out of them."

Sims Pacific can take on any metal items and will also consider a farm collection, if there is enough metal on the property.

The "Hoofing It" project will be formally launched at The Horse of the Year, 13-18 March 2012.

## STUD CHAT WITH SAM

Hi and a warm welcome from Little Avondale Stud or LA as we're also known. We're based five minutes from Masterton in the lush Wairarapa, with six fulltime staff and another eight who join us for the summer yearling preparation. We're very much looking forward to a regular appearance in the Owners Magazine, and it'll be my pleasure to keep you up to date with the stud news and views.

LA's annual business focus is the NZB National sales so we tend not to sell a lot of stock from the paddock but when one client, retired Wellington businessman John Gilbert, asked me whether an Elusive City yearling filly could be bought we struck a deal. She's now racing as Xanadu and is unbeaten in three starts for trainer Ken Kelso. John should be congratulated for backing his judgement!

There's nothing better than a day at the races and we had a great outing at our local meeting at Tauherenikau recently. We love putting together fun syndicates and it was fantastic when the LA bred and raced Skittle won over 1400m for the BLEAP (Bloke And Ladies Expecting Astronomical Profits!) group. I also enjoyed a catch up with the connections of Meadows who won the Little Avondale Sprint.

Our yearlings going to Karaka are well into their sales preparation. Two of the standout colts in our Karaka Premier draft are a Thorn Park from the G1 winning mare Sharvasti and a Darci Brahma from the dual G1 placed Towkay mare Rapid Kay but if you are looking for fillies with residual value, then an Alamosa from Vedodara and a Stravinsky half sister to the promising Nashville should be on your inspection list. Vedodara has been an outstanding producer for Wairarapa breeder Jim Barlow.

Personally I get the greatest kick at sale time when I see a familiar name next to an LA yearling on the results sheet. Repeat business means we are selling sound, well-educated horses with racetrack ability. However it certainly pays to go through the LA drafts closely, as sometimes even the best judges miss a bargain; Tullamore, third in October's Caulfield Cup and Can't Keeper Down, second in the 2009 New Zealand Oaks were both in drafts we took north but didn't reach their reserve. Also, Selador, a Savabeel filly we passed in at Karaka last year, won impressively at Matamata recently.

If you're out at Karaka please pop into our tent at the western end of Barn D for a chat over a wine or juice. At the sales, I tend to be either on the end of a lead rope or my mobile (some will say what's new about that!) but Catriona and the crew will make you welcome. And please feel free to ring and book a farm visit at anytime - the boys (Per Incanto, Towkay and Zed) always love an opportunity to strut their stuff!

Here's to a prosperous 2012 from us all here at LA.

## THORN PARK CAPS A BUMPER YEAR

By Paul Vettise

What a year it's been for Windsor Park Stud with resident stallion Thorn Park's elevation to champion status, an international top end addition to the roster, and So You Think taking his outstanding Australasian form to the rest of the world.

The Cambridge farm has continued to watch with pride its graduates delivering on the racetrack and, in particular, their run of classic success.

"Thorn Park winning the premiership and taking over from Volksraad in keeping the Grosvenor Award here was a major highlight," general manager Steve Till said. "That's been backed up by a world class stallion roster with Rip Van Winkle joining TheWayYouAre and Mastercraftsman and alongside Falkirk and Guillotine. It's very satisfying to be offering breeders those opportunities"

2010 Breeders of the Year and a finalist this year, Windsor Park has again been in the thick of the Group One action.

"Seeing graduates of the farm and from our yearling sales drafts doing so well has been great and So You Think's international performances have been fantastic," Till said. "Then we had Sangster's VRC Derby win, we offered him as a yearling, and in the last four or five years we've had a number of Derby winners out of Windsor Park drafts."

Indeed, Sangster followed in the VRC classic footsteps of Kibbutz (2007) and Monaco Consul (2009) to go with Nom du Jeu's success in the AJC Derby (2008) and Military Move's home New Zealand Derby triumph (2010).

"I'm not sure another stud in Australasia could match that recent Derby record," Till said. "And this season Gr.1 winner Distill and Gr.2 winner Lady Kipling are further top class racehorses to graduate from our yearling drafts"

Windsor Park is also preparing another stunning line up of yearlings for Karaka with the first progeny of Guillotine among them.

"Guillotine was an outstanding racehorse and a \$NZ300,000 yearling at Karaka which tells you what a good looking horse he is," Till said. "We stood his sire Montjeu and he was very successful in the sale ring as were his progeny on the racetrack."

Till tipped Guillotine's Premier colt out of Endless Joy to be a stand out. "He's a three-quarter brother to Emperor Bonaparte (Premier's Cup-LR) out of a Group One placed half-sister to Bonecrusher. He's a really nice individual and Guillotine's got a lovely line of horses going through K2 as well."

The Windsor Park draft will also feature the final New Zealand crop of High Chaparral.

"They made a huge impact at the sale last year and we're looking forward to presenting them," Till said. "There's a three-quarter blood brother to So You Think out of La Souvenir who's an outstanding colt and three-quarter brothers to Monaco Consul and Growl. There's also a number of attractive fillies with great pedigrees like the ones out of Akela (dam of this seasons Gr.2 winner Lady Kipling), The Mighty Lions, Very Musical and Sierra Dane." By Grosvenor, The Mighty Lions was the Avondale Gold Cup-Gr.1 winner and her two previous High Chaparral fillies sold for \$NZ300,000 and \$NZ280,000. Very Musical is an Irish bred daughter of Green Tune who is from the family of multiple Group One winner and successful sire Last Tycoon while Sierra Dane is a Group performed daughter of Danehill. Her High Chaparral colt made \$NZ240,000 earlier this year at Karaka.

Champion sire Thorn Park will be represented by three colts and a filly and Till singled out the son of Fragile Asset for special mention.

"Fragile Asset is a stakes winning Zabeel mare from Bonecrusher's family and the colt's a real stand out."

The colt is a half-brother to the Championship Stakes - Gr.2 winner Hidden Asset and is bred on the same Thorn Park/Zabeel cross as promising 3YO galloper Ocean Park, a leading contender for the New Zealand Derby in March.

# Secure your investment with Fall of Hammer Insurance

If you want to make sure that your investment is secure, especially when the hammer comes down, talk to JLT Bloodstock about fall of hammer cover.

JLT Bloodstock are the specialists in this field and have been for more than 15 years.

JLT Bloodstock provide the products and services you deserve and expect.

If finance is to be arranged on your horse, you can still place your insurance with JLT Bloodstock. Just ask us to advise the financier.

ITS that SIMPLE.

Call or email and discover that all clients are valued whether there is one horse or many.

Cover can be provided from "Fall of Hammer" through to "Stallion Loss of Income".

## FOUNTAINCOURT AKA NIPPER – AND THE LOVE OF PATSY RILEY

Is this the oldest thoroughbred in NZ at 33 of age?. That's 94 years in human terms so maybe not. But I would lay odds that there is no horse older, who had a longer and more distinguished career.

Nipper was trained by Cyril Pfefferle at Trentham. It seems he got the stable name because of his small size. One of his early trackwork riders was Wellington lass Patsy Riley. Nipper had an undistinguished start to his career with 11 starts as a 2 year old with one fourth, the best result.

Then as a 3yo he ran 3rd in a race at Wairoa on 1 January 1982. Three days later came his maiden win at the same track. He won again on the 13th and also on the 23rd of January, at Pahiatua and Wellington respectively.

In 1983 Fountaincourt charged home to win the Auckland Cup at odds of 45 to 1. Behind him were the top mares Maurita and Daisy. Then he went to Sydney and Melbourne with the following results.

**2nd in the Rawson Stakes to Dalmatia**

**1st in the Queen Elizabeth**

**3rd in the Sydney Cup to Veloso and Secured Deposit**

**1st in the Memorial Cup at Randwick**

Later followed

**6th in Hayai's Caulfield Cup**

**1st in the Werribee Cup**

**7th in the Melbourne Cup won by Kiwi.**

In the latter, above races, the jockey was Noel Harris.

It is worth noting that Fountaincourt and Kiwi had won the Auckland and Wellington Cups respectively with 50.5kg, but Kiwi got into the Melbourne Cup under the radar with 52.5kg. Not so Fountaincourt who carried 55.5kg.

Amazingly 4 days later Fountaincourt took out the 2500m Queen Elizabeth at Flemington decisively. (You may take out of this that he hadn't had a race in the 2 miler). McGinty was back in second 2.5 lengths away.

Then 7 days on Fountaincourt came third in the Sandown Cup.

Home for a holiday? No! On the second of January 1984 Fountaincourt ran third as a topweight in the Auckland Cup to Secured Deposit and Gun For Fun.

Back to Australia again for places and he weighed in at Rosehill, Randwick and Sandown. Then Fountaincourt followed up with a win in the Gosford Cup.

This was followed later in the year by 10th in the 1984 Melbourne Cup.

Fountaincourt returned home to win the Auckland Cup again at the start of 1985.

And then he raced on for another 3 years finishing on 13 February 1988 with a nice 2nd at Wairoa. He had run 3rd there 3 days before.

### CAREER STATISTICS SUMMARY

STARTS	WINS	SECONDS	THIRDS	FOURTHS	FIFTHS	EARNINGS
106	16	10	10	14	9	\$534,593

Fast (0 – 0 – 0) Good (68 – 10 – 14) Dead (18 – 2 – 4) Slow (8 – 1 – 1) Heavy (12 – 3 – 1)

Nipper began a well earned retirement and somehow found himself on a property in South Auckland. About 12 years ago the place was sold at short notice and he needed a new home. Patsy Riley who had known and ridden the horse in earlier Wellington days came to the rescue; she took him to her family farm out on the Waiuku road, owned with her partner Rex Sims. It is called Titirimu.

Together they were training horses with great success. Of particular note was Shugar, runner up in the 1991 Auckland Cup. Shugar won 2 races at Flemington and ran a 2nd at Moonee Valley in 1992. He was in retirement when Nipper arrived and the two horses buddied up straight away and became inseparable.

Later Patsy and Rex had more success when Zayyad, owned by Rex and Kerry Verner won the 2000 Easter Handicap. Tragedy was to follow with the premature death of Rex. Comfort came to Patsy from her love of her young family and horses. Her friends supported her. As an example long time friend Kevin Myers boarded his Northern raiders at Patsy's place. Gallopin, Balmuse and Cape Cover stayed there among others. The local Phillips families who owned Gallopin, gave her horses to train.

After a couple of years Nipper had outlasted his owners and Patsy really didn't want to send out bills for him any more. So Nipper has had free board for 10 years or so. Patsy said it doesn't cost her much. "Just a few dollars a day for feed and a foot trim every now and again." She said, "I had to keep him for his mate Shurgar. I couldn't let them be separated"

More recently Shurgar took poorly and died. Patsy and the girls did not know how Nipper would bear the parting. The "vet" advised them to put the dead body of Shurgar in the paddock with Nipper to let Nipper deal with the loss in a natural way.

This they did and watched in apprehension and sadness. Nipper pawed and whinnied over the body of his mate for three hours. Then he walked away and paid no more heed.

Nipper now lives with occasional cows for company. They won't kick him and he quite likes them. The only problem is they chew his tail. Other horses are over the fence for him to talk to, so he is safe and not lonely.

I was really impressed with his condition. Sure gravity has taken some toll and he has got a sway back. But he has got a lovely coat and he is mobile and friendly. He stood there halterless with his head pressed on my chest while Patsy's daughter Nicole took his cover off.

It was a pleasure to meet you Nipper, Patsy and the girls Amber and Nicole. It was my privilege to write this story. We salute you! "Live long and live well!"

## CONGRATULATIONS TO FEDERATION MEMBERS ON THEIR RECENT WINS!

We continue to track winning horses owned by Owner's Federation members. As we only have visibility of owner's named in the race book, we know we will have missed members involved in winning syndicates and may have inadvertently missed others. We apologise to any member we have missed and extend our congratulations to all members who have recently experienced the thrill of winning.
